

Installation help:

Inserting the F.A.M.P.S Disc on a PC will automatically present you with an initial download screen. To download the F.A.M.P.S installer click on the 'Download' Button and follow the steps detailed below. If the initial download screen does not pop up you can start the installer process by going into My Computer and double click on the F.A.M.P.S Icon to open up the initial download screen then follow the steps above.

If you are using a MAC, a folder will open on your desktop you will need to double click the F.A.M.P.S icon within the folder. This will open the initial download screen then click on the 'Download' Button and follow the steps detailed below.

Step 1:

After you have clicked download on the download installer screen you will be re-directed to the F.A.M.P's installer located online. A pop up screen, *(see example below for PC and MAC)*, will present you with various options. From here select 'save' and download the F.A.M.P's installer to a location on your local computer.

PC	MAC
File Download	Opening fampTest.zip
Do you want to open or save this file? Name: FampsInstaller.exe Type: exefile, 56.4MB From: http://game.myfamps.com Open Save Cancel	You have chosen to open FampsInstaller.app which is a: Application from: http://game.myfamps.com What should Firefox do with this file? Open with Stuffit Expander (default) Save File
✓ Always ask before opening this type of file	Do this automatically for files like this from now on.
While files from the Internet can be useful, some files can potentially harm your computer. If you do not trust the source, do not open or save this file. <u>What's the risk?</u>	Cancel

Step 2:

On a PC you will have to select a location to save the download. The easiest option would be to download the installer file directly to your desktop. Once you have selected a location click 'save'. Remember this location as you will have to locate the file once it has downloaded. On a MAC, the download will automatically be saved to your desktop.
